Hail, Samuell High; Hail,
Samuell High!
This song to thee we sing
We pledge to thee our
loyalty
As loud our praises ring
For always to the Gold and
Blue
Our hearts will still be
true
As fighting Spartans we
will cry
Our love for Samuell High.

Fight Song

Fight, Spartans, right down
that field
Until we score that victory
FIGHT! FIGHT!
Fight, Spartans, and never
yield
Our pledge of pride and
loyalty
RAH! RAH!
To our colors of Gold and
Blue
We ever shall be true
GO, SPARTANS, GO
Go crashing through that
line
And we will cheer you all
the time!

Foreword

Memories—all memories—eventually become our most cherished treasures. The passing of years makes memories of high school days invaluable. This 1967 W. W. Samuell High School TORCH has been proudly prepared to bring back these memories each time its cover is opened.

LT. COL. LOUIS D. WITTKOWER, JR.
Commandant

CDT. COL. DANNY HILL
Battalion Commander

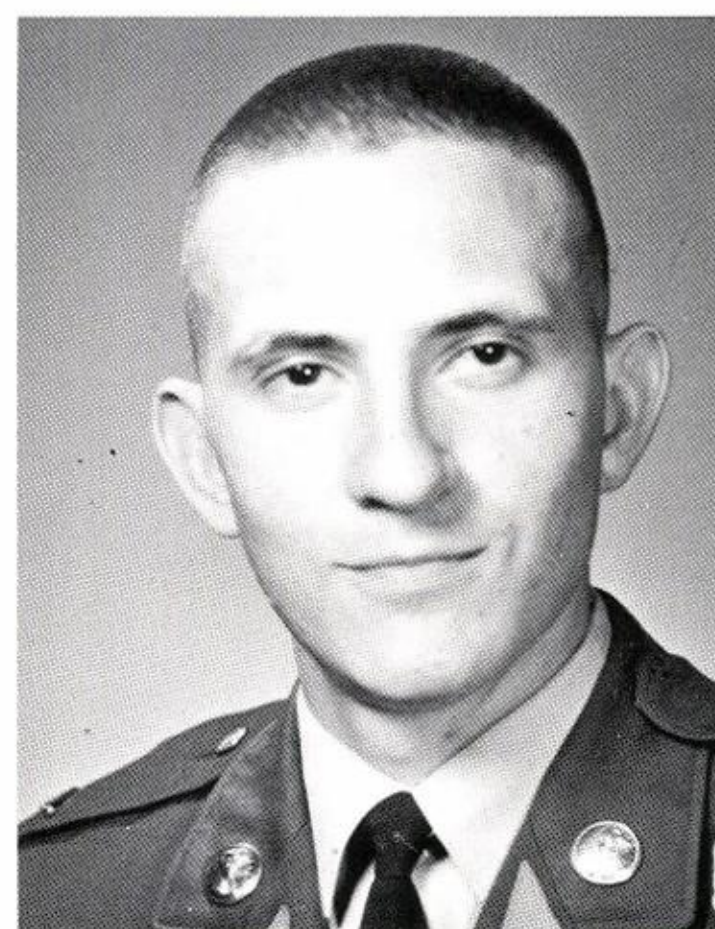

A year of striving for excellence can best describe the year for the R.O.T.C. The 1966-67 year was one of several firsts for the Cadet Corps. Cadet Danny Odom received an appointment to the United States Military Academy at West Point, N.Y., was chosen Brigade Commander of the Dallas and Highland Park School Districts, and was given the Sons of the American Revolution Medal and the Civitan Citizenship Award. Recipients of the Army Superior Cadet Medal were Danny Hill, Ronald Bateman, and Wesley Peterson. The American Legion Award for the best Military II in Dallas was given to Kenneth Shaddock.

The "Olympian Guard" won several awards, and they were host to the First Annual Samuell Invitational North Zone Meet, held at our school. The Rifle Team's high scores qualified them for the National Indoor Invitational Match. Out of more than one hundred teams competing, they placed ninth. The battalion received an "outstanding" rating in the Federal Inspection and was awarded the Honor Star for the sixth year.

The highlight of the year was the visit by the Drum and Fife Corps and the U.S. Army Drill Team. The two groups received standing ovations from the Samuell student body and were the talk of the school. This year's Military Ball was one of the finest in Samuell's history. Debbie Baker was crowned next year's Queen by the 66-67 Queen, Rita Lamb.

And, chances are this college age student in India won't be able to enjoy these things for some time . . . if ever. In his country, electricity is still a luxury. Even though India has tripled its use of electricity in the last ten years, most things are still done by hand. And the standard of living in India, compared to countries who use large amounts of electricity, is still low.

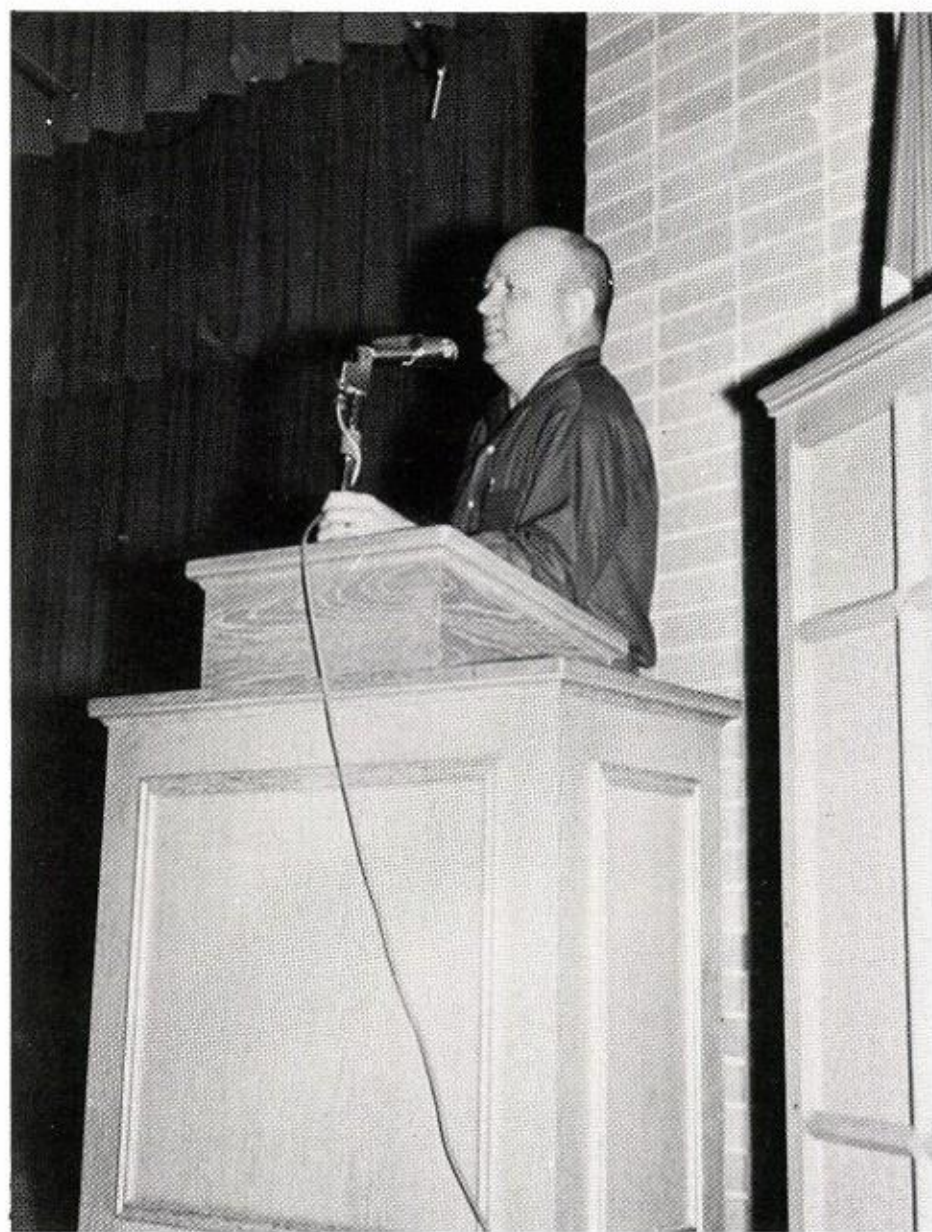

You see, a country's standard of living is closely related to its use of electricity. And the hundreds of mil-

lions of people in the entire nation of India use little more electricity than do the people in *Dallas*!

The abundant supply of low cost electricity in Dallas helps you enjoy a better way of life, every day. Next time you switch on a light or use an electric appliance, remember that much of the world's population still lights with lanterns, and does laundry in a river.

*Craftsmanship is unchanging, though
its techniques have been revolutionized
endlessly through the years.*

*Craftsmanship is precision . . .
knowledge . . . dexterity — patience.*

*But most of all, craftsmanship is
pride in the job — pride that goes
beyond pay or price or profit.*

*Craftsmanship is not a system that
can be installed by engineers. It is an
indefinable element that is bred into
the fabric of an organization by
inspired leadership and unending
insistence upon producing only the
finest. Craftsmanship works through
the mind and the hand, but its
genesis is in the heart.*

Craftsmanship is a blending
